LUXURY REDEFINED

Introducing

Rivulet Artisan Pecan Liqueur, the world's most unique luxury liqueur.

Rivulet is the consummate luxury nut liqueur, carefully crafted for connoisseurs who appreciate the combination of contemporary American luxury with the time-honored traditions of fine artisan distilling and craftsmanship.

THE FINEST AGED BRANDY

Rivulet begins with the finest slow-distilled brandy, gently aged to perfection in small oak casks, resulting in a spirit that some say is smoother than silk. Our brandy is distilled and aged using the same time honored methods and traditions that have been passed down for generations.

NATURAL ARTISAN PECANS

We are passionate about pecans! 95% of the world's pecans are grown and harvested in the USA, as the American climate and terroir produce the finest hickory pecan trees and nuts. Our luxury liqueur embraces a proprietary recipe to extract the delicate flavor profile that makes our liqueur so special.

SMALL BATCH CRAFTSMANSHIP

We spent years perfecting just the right balance of brandy, pecans, and our proprietary special ingredients to achieve what we believe is a uniquely delicate luxury liqueur. We celebrate our time honored craftsmanship in small batches to produce a spirit of unequalled perfection. We believe that after a sip, you'll agree it was worth the wait.
