

**Rivulet Artisan Pecan Liqueur.** Rivulet is the world's most unique luxury liqueur. Rivulet is the consummate luxury nut liqueur, carefully crafted for connoisseurs who appreciate the combination of contemporary American luxury with the time honored traditions of American distilling and craftsmanship.

**The Finest Brandy, Aged in Bourbon Barrels.** Rivulet starts with the finest slow distilled brandy, gently aged to perfection in once-used, American oak bourbon barrels. Rivulet carefully constructs its luxury liqueur in the same lengthy and expensive way as Grand Marnier, which uses fine aged cognac as its base, before marrying it with a fine distillate to achieve its luxury profile.

**Natural Artisan Pecans.** We are passionate about pecans! 95% of the world's pecans are grown in the USA, so the pecan is truly an indigenous American nut. The "pecan belt" runs across the southern half of the USA, from roughly New Mexico through Texas and over to Georgia. We use a proprietary process to extract the delicate flavor profile that makes our liqueur so uniquely special.

**Small Batch Craftsmanship.** We spent years perfecting just the right balance of gently aged brandy, artisan pecans, and our proprietary special ingredients to achieve what we believe is a truly unique and delicate luxury liqueur. We celebrate our time honored craftsmanship in small batches. We are batched and bottled at 60 proof for the perfect balance of pecan nirvana.

**Highest Critical Acclaim - Double Gold Medal.** Rivulet is proud of receiving the highest critical acclaim with a double gold medal award at the San Francisco World Spirits Competition in 2014! Rivulet was judged among nearly 1500 entries from 64 countries in this global competition. Rivulet was named "best nut liqueur" among all entries!
